

FLAVIA Creation 400™ brewer

FLAVIA® and the C400 - the perfect partner at work.

- Ideal for larger workplace environments.

freshness

- FLAVIA's 3-step process, **SOURCE • SEAL • SERVE™**, sources the finest quality ingredients, seals them for freshness and serves a fresh cup every time.
- The FRESH RELEASE™ brew system releases sealed ingredients direct from pack to cup for fresh taste with no crossover of flavor between drinks.
- Separate brew cycles for coffee and tea ensure the best extraction method needed to deliver the highest-quality drink.
- Perfected temperature, flow rate of water and pressure extract the ultimate flavor, aroma and body.

choice

- The unique FLAVIA technology offers a wide variety of coffees, teas, chocolates and specialties and the option to personalize your own drink.
- FLAVIA brewers have the ability to make 2-pack drinks such as cappuccinos, mochaccinos and lattes.
- All FLAVIA coffee and teas are Kosher certified.

convenience

- Reliable and convenient; no cleanup, no mess.
- Manually ejects used fresh packs into the bin or receptacle.
- One cup at a time. Drinks are ready to use and available in 30-60 seconds.
- Available 24/7.
- LCD screen highlights drink categories and options.
- Graphics provide step-by-step instructions on how to make a drink and indicate when the drink is complete.
- Cutting-edge design and styling.
- The unique style was designed to fit under cabinets and take up less counter space.
- Cup sensor on brewer will alert if cup is not in place, preventing accidental brews.
- Removable drip tray to allow for travel-size mugs and easy cleaning.
- Water source can be plumbed or unplumbed.

think fresh!™
